ALCIDES SAINZ

SOFTWARE DEVELOPER

I'm a software developer engineer with more than 2 years of experience in the field, equipped with a solid foundation in programming languages. Demonstrated ability to quickly grasp new concepts and technologies, coupled with a proactive approach to problem-solving. Adept at collaborating within team environments, showcasing strong communication skills while learning and adapting swiftly to evolving industry standards. Seeking opportunities to contribute, learn, and gain hands-on experience in the software development field.
